3D Heaven Ultra-clear 3D Glasses usage and maintenance

Initially connect the USB Charging cable to PC, Television or other USB device and plug in until fully charged. Unplug USB Charging cable and then the glasses are ready for use. Before turning on glasses make sure to turn on your LG 3D Television (or other compatible 3D Device and then point your glasses towards the television and press and release the glasses on switch. When you are finished using the glasses turn them off and store them in the glasses storage bag. Repeat steps as needed for recharging. After initial charge a full charge cycle is not needed but can be done.

Under normal operating conditions, electronic 3D glasses are perfectly safe to use for any duration you would normally view 3D images on your screen. However, some people may experience discomfort that could signal problems with the hardware, software and/or physical problem with your visual system. Discontinue use of the electronic 3D glasses and consult a physician if you experience any of the following: headache, eyestrain, blurry vision, double vision, involuntary movements, eye or muscle twitching, confusion, loss of awareness of your surroundings, dizziness or disorientation. To minimize the potential for any of the above symptoms to arise, adjust the ambient lights darker.

EPILEPSY WARNING: IF YOU OR ANY MEMBER OF YOUR FAMILY HAS A HISTORY OF EPILEPSY OR OTHER SEIZURE DISORDER, CONSULT A PHYSICIAN BEFORE USING THIS OR ANY OTHER 3D PRODUCTS.
