

Thanks so much for your purchase of the Virtual FX 3D Converter.

PLEASE NOTE: We have included the International power supply that is a regulated power supply designed to work with any power worldwide.

All that you need to do is add on a tip from your specific country (which can be found for approximately \$2 on places such as EBay) and the included International kit will properly regulate the power supplied from the country specific tip:

***Ultimate3DHeaven.com***

If you have any other questions or if I can be of any further assistance please feel free to let us know.

Thanks, Ultimate3DHeaven
